

## IOSH Working Safely

IOSH Working Safely is a one-day course designed to give all employees a better understanding of the importance of safety in the work place. It is highly interactive and gives delegates a good, all round understanding of their duties as employees, hazard spotting, developing control measures and how they can contribute to the organisation's safety performance.

### Who will benefit?

Working Safely is a one-day course. It is non-industry specific and is suitable for any employee and assumes little, or no prior training in health and safety.

### Course Content

#### Module 1 – Introducing working safely

Why employees should work safely from a legal, moral and economic point of view.

#### Module 2 – Defining hazard and risk

Delegates will carry out a hazard spotting exercise and relate this to their own workplace. As part of the exercise the risks will be rated and control measures identified and introduced.

#### Module 3 – Identifying common hazards

Identifying hazards that exist in the workplace

#### Module 4 – Improving safety performance

Looking at how the company can improve its safety performance through organisational arrangements that form their safety management system.

#### Module 5 – Protecting our environment

Provides an introduction to waste and pollution. It explores ways in which companies and individuals can reduce pollution by cutting down on waste.

### Certification

Delegates who attend the course and successfully complete the written and practical assessments, will receive either an IOSH Working Safely Certificate or Health and Safety Passport Card.

### Our next course:

On: 26 February 2015

At: The Green Park Conference Centre  
100 Longwater Avenue  
Green Park  
Reading  
RG2 6GP

### Course information and bookings

This one-day course costs £180 plus VAT per person and includes course workbook, examination and certificate on successful completion of the course. We offer reduced rates for three staff or more, and in-house courses are available for up to 12 staff.
