

IOSH Course Programme 2017

Stepping Stones for Business provides quality and safety consultancy. In addition to helping companies prepare their policies and procedures, audits and risk assessments, we also offer a range of in-house and public training courses. Companies have a legal obligation to provide safety training for their staff. At SSFB, we run a range of nationally recognised safety training courses accredited by IOSH (Institute of Safety and Health) and the BSC (British Safety Council) that are relevant, fun, stimulating and really get the safety message across. We work with other accredited training organisations to provide First Aid training and the NEBOSH Certificate and provide short courses, including ISO9001 Awareness, The New Quality Manager, DSE Risk Assessment, Manual Handling, Emergency Chair Evacuation and Asbestos Awareness.

IOSH Managing Safely (3-day course)

Managing Safely is a three-day course. It is non-industry specific and is suitable for any managers and supervisors, bringing them up-to-speed with current health and safety requirements, helping them manage their legal responsibilities and guiding them through day-to-day aspects of safety management.

Cost: £499 + vat per person (£449 + vat for SSFB clients)
Includes course workbook, assessment, project and certificate on successful completion of this course. We offer reduced rates for three staff or more, and in-house courses are available for up to 12 staff.
